

Marapana Wildlife Park is open to any and all members or groups of the public.

The schoolteachers and their helpers must provide the responsibility for care and first aid.

There are two emergency exits one through the café and one through bottom gates that are located at far right and back between Marapana and adjoining Lawn Business. In the event of an emergency staff will be located at both exits to assist people out into the safety areas.

Supervision must be provided by schools or childcare group, each according to the appropriate ratio of carers to children for each age group.
