

# Marapana Wildlife Park

A Hands on Experience that is Totally Wild

## Primary Education Packs

### Introduction

The following worksheets are designed to inform students about the unique wildlife found throughout Australia, focusing mainly on the Koala, and the environmental challenges they face. The majority of these worksheets will be more beneficial to those students who are able to come to Marapana Wildlife Park and have a hands-on experience with our tour guides.

Included however are teacher's notes which summarise our tours and will aid you in further investigating the animals or as a reference for marking. They have been separated into lower primary (years 1 –3) and upper primary (years 4-7) for your convenience.

At the beginning of each section you will find the corresponding outcomes to the worksheets.

#### **SECTION 1: QUESTIONS FOR YEARS 1 – 3**

To be used in conjunction with guided tour and/or teacher's notes.

#### **SECTION 2: QUESTIONS FOR YEARS 4 – 7**

Questions have been made a little more challenging. To be used in conjunction with guided tour and/or teacher's notes.

#### **SECTION 3: FOLLOW UP ACTIVITIES**

A collection of fun puzzles and research projects to continue study on the topics.

We have several pricing options available to you as to how you want your students day to be run.
